the tank, artillery and infantry units located in the area of a character had arrived by road and real from an easterly direction about aid-June 1949. One thousand acres of wood had allegedly been cut down in this area. The troops were quartered in newly constructed cantonments. The higher unit Mq, allegedly a division Mq, was located in the inn of Alamaduag.

50X1-HUM

b. Mach fire of infantry onl artillery weapons was to be heard from the training area at the time of observation.

c. It was learned that eight bakeries in Tourtlik were ordered to deliver a faily quota of 3,000 loaves of 50X1-HUM bread each up to the end of October 1949.

Comment:

a. The biddid-Nordornia-Atamator and area as well as the KARLESUAG area belong to the finding training area. Component units (field units) of the Fourth dis necz Army (Jadre), predominantly units of the 6th dis necz Div (Jadre) and Army Hq units had been transferred to this area in June and some of them still in July 1949.

the component units of the 25th Pank Div (Jadre) and few component units of the 7th Dis mecz Div (Jadre) 50X1-HUM were ended in the maneuvers in this area.

b. In "nigh unit dq" observed in a klammodd inn probably was a maneuver stoff or possibly the forward cohelon of a Div hq (6th da mez Div) (Judre) ?).

c. The information contained in para 2c, indicates that five thousand to eight incusand troops were engaged in the maneuvers in the TLLPITN area which probably last until the end of October 1949.
